

8/27/2021

The leadership of Wayside Chapel acknowledges that the COVID virus has had a significant impact on our church in the last few weeks. Some of our people are recently recovering from the virus and some are still battling it. Please understand that Covid is a real threat and is not to be taken lightly or dismissed flippantly.

As a church our desire is to always remain an encouragement to the flock of God that He has allowed us to be a part of. One way in which we encourage one another is to be considerate regarding the health and well-being of our fellow church family and our local community. Though we are not to live in fear as believers, we are instructed to use wisdom regarding our well-being and the well-being of those around us.

With this in mind, I want to offer a couple suggestions and safeguards so that Wayside Chapel can continue to be a safe and effective place to worship the Lord together.

1. Be vigilant by washing your hands frequently, using hand sanitizer, and wiping down often used areas.
2. Hand sanitizer will be available throughout the church buildings.
3. Often-touched areas of the church buildings have been sanitized.
4. Please be considerate regarding shaking hands and hugs. Some people will want to be more cautious than others. Our spirit and actions should always be that of consideration and care.
5. The east side section of pews in the sanctuary will be marked off so that only every other pew is available for use.
6. Children's ministries will continue. The choice for participation will be left up to each parent.
7. As of now, all activities will continue as planned. We encourage careful caution and consideration.
8. Each family is encouraged to make their own decisions regarding their level of participation during this time.
9. Please remember to lift each other up in prayer and participate in meeting each other's needs as you have opportunity.

These are challenging times for all of us, but collectively, let's remind each other to cast our cares upon the Lord because He truly does care for us.

God is still good and He is still on His throne.

Pastor Jerrill Wyler

Pastor Donald Helman
